## OVERVIEW

Thank you for downloading this Free eBook. It means you actually care about profiting from Neobux, rather than being a “statistic”... because statistically, most people fail in PTC’s. In this simple guide, we will show you how to make \$20 a day with Neobux. It may seem simple, but this strategy requires some time and patience.

Please keep in mind the following terms:

RR = rented referrals

DR = direct referrals

### Step 1

Start clicking ads **everyday** and **don’t miss** a single one. This is crucial in the beginning as you are just starting out and don’t have any referrals. Also, in this stage, you are trying to get 100 clicks so that you can start having DR’s. You **MUST** click all of the yellow colored ads to receive credit for your referrals clicks. If you miss a day, you will not get credit for any clicks made by your referrals that day.

### INSTALL ADALERT

AdAlert is unique and exclusive browser extension for Neobux. It takes almost no space at all and will notify you of new advertisements so that you’ll never miss one. You can find AdAlert at the bottom menu at Neobux page.

### Step 2

When you reach \$0.60 in your balance, you are able to purchase 3 referrals (**DO NOT BY REFFS YET!**). So, before you rent referrals you should earn **\$3** by clicking on your ads (Or You Can Invest For Quickness) and then transfer it to your rental balance.

This way you have \$1 per referral and you will easily be able to recycle them if they are not active or pay to keep them for one more month. It will take a while to get \$3 on your own, but this way you will be able to keep your referrals and exchange the inactive ones for active ones without the fear that you will not be able to pay for them.

$0.001 \text{ per ad} \times 30 \text{ ads a day} \times 100 \text{ days} = \$3.00$

Once you have your \$3 in your rental balance purchase 3 referrals, **Autopay is another must**. As soon as you rent your first 3 referrals turn Autopay on (you will find this on the page where your referrals are listed). Referrals cost 30 cents a month to keep. Instead of you paying for the referral, they pay for themselves as long as you have Autopay turned on. What it does it subtract one of the advertisements your referral views each day and puts it towards the 30 cents that referral needs to

stick around for another month. So you get one less penny from each referral, but they will be your referral as long as they are active.

As a standard, you receive 0.005 per click from each RR.

Referral clicks

$0.005 \text{ per ad} \times 4 \text{ ads a day} \times 3 \text{ referrals} = \$0.06 \text{ per day}$

Total earnings: \$0.06 per day

### Step 3

Continue to rent referrals in increments of 3 whenever you reach \$3 in your account. You can rent bigger packages as you make more money. RR Packages come in sizes of 3, 10, 20, 40, etc. Repeat this process until you have **500 referrals**. This will take a few months to accomplish, and this is where most people flake out.

Referral clicks

$0.005 \text{ per ad} \times 4 \text{ ads a day} \times 500 \text{ referrals} = \$10 \text{ per day}$

Total earnings: \$10 per day

Note: this example assumes that all referrals are active daily. It is not an ideal world, and this kind of scenario is highly unlikely. These numbers are for illustrative purposes only. You will need more than 500 referrals to have 500 active referrals.

When you reach 500 referrals, stop buying referrals and just maintain the ones you already have. Keep doing this until you have \$90 in your balance, and you can use it to pay for the **Golden upgrade**.

Note: **Recycle** rental referrals who clicks less than **2 ads a day** and haven't clicked in **2 days**. You can recycle by paying from your balance or paying from your NeoPoints balance.

### Step 4

Once you reach Golden, your referral earnings will double. You will get 0.01 per referral click instead of 0.005. Also, you will get 0.01 on personal clicks, instead of just 0.001!

Referral clicks

$0.01 \text{ per ad} \times 4 \text{ ads a day} \times 500 \text{ referrals} = \$20 \text{ per day}$

Personal clicks

$0.01 \text{ per ad} \times 10 \text{ ads a day} = \$0.10 \text{ per day}$

Total daily earnings:

$20.00 + 0.10 = \$20.10 \text{ per day}$

At this point, it may be tempting to cash out. I don't recommend cashing out until you have 2000 referrals. Until then, save up your money to rent RR's until you have 2,000. At this point, you should be making well over \$30 to \$40 a day.

#### Step 5

As soon as you have enough money to do so, buy the **Ultimate** membership. The Ultimate membership is expensive but has impressive benefits. The best feature is the 7-day auto-recycle policy. If any referral is inactive for 7 days in a row, the system will automatically recycle them with an active referral. Once you are Ultimate, I would recommend that you stop manual recycling altogether. In addition, your personal clicks now are worth 2 cents, you are guaranteed at least 15 ads to click daily, you are allowed 30 "vacation" days where you will still make money from your referrals even if you don't click any ads that day, and it includes several other benefits.

#### Step 6

Once you are an Ultimate member, continue renting referrals until you reach between 4000-4199 referrals. At that point, stop renting, turn off autopay and begin renewing your referrals for 90, 150, or 240 days at a time. The longer the amount of time, the larger the discount is to renew. Again, think long term. Renewing for 240 days at a time will cost you more up front but with a 30% discount compared to autopay's 15% discount, your earnings will be much bigger over a 240 day period.

### Cashing Out

The absolute best time to cashout is when you are making a decent income with 4000+ referrals but lots of people don't have the patience to wait that long. The earliest I would recommend to cashout is when you become a Golden member. Just keep in mind that the faster you get to 4000+ referrals, the more money you will earn over time.

## PITFALLS TO AVOID

### Getting direct referrals too early

This is a common newbie mistake. You can only have DR's after you have been registered for **30 days** and have **100 personal clicks**. We recommend that you become familiar with Neobux's rules and FAQ. You can't play the game if you don't know the rules.

### Cashing out too early

This is another common pitfall, mostly with impatient people. In order to see if Neobux is legit, many people will earn \$1.00 and then cash out. Great, you now have a whole dollar in your paypal account. That dollar should have been put towards renting referrals.

### Skipping days / Quitting

A lot of people skip days of clicking on ads, especially in the beginning. Maybe they forgot to, or maybe they're just not motivated. Whatever the reason, skipping days will slow your progress, and your game plan to wealth is delayed. The solution to this is having proper motivation.

## FREE DIRECT REFERRALS

A guaranteed, sure fire way to get direct referrals for free is to use Traffic Exchanges. In a nutshell, this is how a traffic exchange works. You surf a bunch of websites, earning 1 credit per visit. For 1 credit, you will receive 1 view on your website.

The main reason that referrals stop clicking is that often they are obligated to join Neobux. If you advertise at a TE site, only those who are interested will join. Your clicking average becomes much higher as a result, because the referrals will want to do it.

**EasyHits4U** is one of the most well known traffic exchanges around. They have a large user base with over 550,000 members, and that means lots of potential referrals! Their system is easy to use and they have tons of tools for you to promote your websites.

**EasyHits4U** also pays you 0,30\$ for surfing every 1000 pages. **EasyHits4U** is definitely worth a look.

<http://www.freehitxchange.com/?rid=1687>

**FreeHitXchange** is excellent traffic exchange site. Each site you view rewards you with a visitor to your website. You can surf as much as you want and receive unlimited free traffic to your website. There is 10 seconds 1:1 ratio or 5 seconds 2:1 ratio for surfing.

<http://trafficg.com/?member=mad162>

**TrafficG** is a simple traffic exchange with a 1:1 surf ratio and they reward you with 10% of the credits that your referrals surf. The best thing about this program is that they let you contact your first level referrals directly, so you can train them to succeed.

<http://www.tezaktrafficpower.com/?referer=mad162>

**TezakTrafficPower** is simple and easy to use. You view other members sites, and in return they view yours. The more sites you visit, the more website traffic you will receive! Also, you can place your banners around the site for other members to view and you get text links strategically placed too. You can also purchase advertising.

<http://webmasterquest.com/join.php?ref=mad162>

Webmasterquest.com gives webmasters free traffic to promote their favourite sites on the web. Their page exchange and startpage exchange can promote your website and make you money.

Those sites are only a few out of thousands of services out there.

## SUMMARY

The key to making good money with NeoBux is with referrals. Of course, the more you have, the quicker you will earn money. Most important for any PTC program is to be *patient*. Yes, there's that word again. Stick with it and you will be earning a tremendous passive income every day, quicker than you think.

Good luck and happy earnings!
